The High Star Ranch Trail System is a key recreation project and component of the High Star Ranch development located within Kamas City. Through a partnership with many volunteers, Kamas City, and the South Summit Trails Foundation, a premier trail experience has been provided to the general public. All users should further understand that this amenity exists within private property, and all rules and common courtesy to adjacent land owners must be respected. Please protect this natural and unique wildlife habitat and mountain environment. Visit highstarranch.com for more information.
